Understanding the New Jersey Graduation Proficiency Assessment

The New Jersey Graduation Proficiency Assessment is designed to measure the extent to which students are graduation ready in English Language Arts (ELA) and Mathematics.

- Graduation readiness is reported separately for each content component.
- The ELA component is aligned to the grade 10 standards.
- The Mathematics component is aligned to Algebra I and Geometry standards.
- Statute requires that the State graduation proficiency assessment be administered to all grade 11 students. (N.J.S.A. 18A:7C-6)
- Students who are unable to take the assessment as juniors must take the assessment in their senior year.

Second Pathway towards Meeting the Graduation Requirement

If after completing the New Jersey Graduation Proficiency Assessment a student does not demonstrate proficiency on the ELA or mathematics section, the student is then eligible for a **second pathway** to meet the New Jersey Graduation Assessment Requirement.

Week of October 10th

Take the New Jersey Graduation Proficiency Assessment

Eligible seniors will take the Graduation Proficiency Assessment.

January 2024 to March 2024

Pathways offered to take alternative Assessments

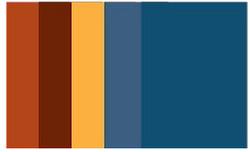

Eligible seniors will work with the school counseling department to determine alternative assessments to meet the graduation requirements.

Support for Students: Second Pathway - Accuplacer

- The ACCUPLACER is a series of tests that evaluate students' skills in reading, writing, and or mathematics.
- There's no time limit on the tests, so you can focus on doing your best to demonstrate your skills.
- ACCUPLACER uses the latest computer-adaptive technology, which means the questions the students see are based on their skill level.
