May 17, 2021

Dear Parents/Guardians,

Throughout the typical school year, multiple health screenings required by the state of New Jersey are performed by the school nurse. (N.J.A.C. 6A:16-2.2(g)3 and N.J.A.C. 6A:16-2.3(b)3ii mandated health screenings include height, weight, blood pressure, hearing, vision, and scoliosis.)

Due to Covid 19 protocols of remote learning, hybrid in-person four-hour sessions, and adhering to safety measures while conducting student screenings to prevent the spread of Covid 19; such as cleaning equipment between students and screening one or two students at a time, the nurses will be able to complete the health screenings on a *limited* number of students this school year.

Health and safety remain our priority. As such, if your child has had a physical examination during this school year, we are asking that you kindly send a copy to your school's nurse by **June 14, 2021**. (The information on the physical examination will be recorded on your child's health record and fulfill the screenings for the 2020-2021 school year.)

If your child has not had a physical, it is recommended to schedule one as soon as possible. Families who elect not to submit their child's current physical examination record to the school nurse by **June 14, 2021**, will be considered an opt-out of screenings for this year. *Note: Parents/Guardians may opt-out of any or all screenings.*

This has been an unconventional year. We are hopeful for a return to a more traditional 2021-2022 school year.

Thank you for your attention to this matter and be well.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Erica Cerilli-Levine', written over a light blue horizontal line.
