Date Edited: November 2024

Students have a right to peacefully assemble and express their views in accordance with Board policies and the District Code of Conduct, as stipulated in the Student Handbook.

Students are protected in the exercise of their constitutionally guaranteed rights to assemble peacefully and to express ideas and opinions provided their activities do not infringe on the rights of others and do not interfere with the operation of the educational program.

The Teaneck Board of Education is responsible for the safety of students and staff. When a student-initiated demonstration becomes known to the building principal, the Superintendent should collaborate to ensure the safety of all students and staff, and the Board should be notified.

Demonstrations should not obstruct the free movement of people including but not limited to blocking hallways or doors. In addition, staff should not block hallways or doors in response to a demonstration.

The building principal should direct demonstrators to venues that have controlled access points and have been successfully used for large gatherings and events. Areas within the school and/or athletic fields should be designated for demonstrations in order to properly secure participants and maximize safety. The site should be designated based upon safety and security risks. Sufficient security personnel should be consulted and remain on hand should they deem it appropriate.

The Superintendent may summon law enforcement officers to ensure the safety of all students and staff. Maintaining a collaborative relationship with law enforcement and the District is a central tenet for maximum safety.

Visitors or outside attendees are **not** permitted on school premises during any demonstration.

Students will conduct themselves in accordance with the Code of Conduct and in a manner that enhances the integrity and impact of their message. The Board will not permit the conduct of an individual or group to interfere with the orderly operation of the educational program or negatively affect the rights of others. Any assembly of students that communicates obscene, slanderous, or prejudicial words, uses force or violates the law or school rules is prohibited. Violations of the Code of Conduct during the course of a demonstration will be addressed consistent with Board Policy 5600.

After a demonstration, a review session should be convened by the building principal between students, counselors, and/or other trained staff to facilitate an open dialogue about the demonstration, its objectives, and student responses. This forum should aim to foster mutual understanding, address any issues that arose during the demonstration and explore constructive ways to further advocate for their concerns.

All decisions related to a demonstration shall be content neutral without evaluating the subject matter of the assembly.
