Dear Parents/Guardians,

I want to inform you that Altice/Optimum has decided to make their Wi-Fi available - for free - to all Teaneck students with a Teaneck Schools Chromebook.

You can do this by clicking on the settings menu in the bottom right corner of the screen and clicking on the networks/wifi button. From there, a list of available Wi-Fi connections will show up and you can connect to "optimumwifi". This connection will not require any passwords or ask for any information.

In order to connect to this Wi-Fi, you must be using a Teaneck Schools Chromebook. This connection is not as fast as a paid internet connection but it does provide internet to any families that are looking to get connected. This connection will be available for the next 60 days. After the 60 day period, it will go back to being a product that will need to be purchased. You must be in an area that has Optimumwifi available to use this feature.

If you need assistance connecting to this Wifi please contact Optimum at 1-866-611-3434.

Thank you,  
Mohammed Saleh
