

NEW

MENTAL HEALTH SERVICES PROGRAM

for Elementary & Middle School Students and Their Families

Pilot Program February 17 - June 18, 2020

Teaneck Public Schools is pleased to announce a new mental health services initiative which will offer:

- Access to licensed mental health care professionals who will be available two evenings per week
- Students, their parents, and family members the ability to receive these services at no cost
- Bilingual therapists (available based on need) for Spanish and native Urdu
- No insurance necessary to take advantage of these services

We hope this program will help to normalize mental health and the use of mental health services. If interested, please contact your child's School Counselor for a referral for services.
