5756 TRANSGENDER STUDENTS

The Board of Education is committed to providing a safe, supportive, and inclusive learning environment for all students. The New Jersey Law Against Discrimination (NJLAD), N.J.S.A. 10:5-12(11)(f), generally makes it unlawful for schools to subject individuals to differential treatment based on gender identity or expression. Title IX of the Education Amendments of 1972 (“Title IX”) specifically prohibits discrimination on the basis of sex in Federally-funded education programs and activities [20 U.S.C. § 1681(a)].

N.J.S.A. 18A:36-41 directs the Commissioner of Education to establish guidelines outlined in this Policy to provide direction for schools in addressing common issues concerning the needs of transgender students, and to assist schools in establishing policies and procedures that ensure a supportive and nondiscriminatory environment for transgender students.

Definitions/Terms

A safe and supportive environment within a school begins with understanding and respect. The Board believes students, teachers, and administrators should be provided with common terminology associated with gender identity. The terms listed below are commonly used by advocacy and human rights groups, however students may prefer other terms to describe their gender identity, appearance, or behavior. It is recommended school personnel discuss with the student the terminology and pronouns each student has chosen.

“Gender identity” means a person’s internal, deeply held sense of gender. All people have a gender identity, not just transgender people. For transgender people, the individual’s internal gender identity is not the same as the gender assigned at birth.

“Gender expression” means external manifestations of gender, expressed through a person’s name, pronouns, clothing, haircut, behavior, voice, and/or body characteristics. Society identifies these cues as masculine and feminine, although what is considered masculine or feminine changes over time and varies by culture.

POLICY GUIDE

STUDENTS

Transgender Students

“Assigned sex at birth (ASAB)” refers to the biological sex designation recorded on a person’s birth certificate upon the initial issuance of that certificate, should such a record be provided at birth.

“Gender assigned at birth” refers to the gender a child is assigned at birth or assumed to be, based on their biological sex assigned at birth.

“Sexual orientation” describes a person’s enduring physical, romantic, and/or emotional attraction to another person. Gender identity and sexual orientation are not the same. A transgender person may be straight, lesbian, gay, bisexual, or asexual. For example, a person who transitions from male to female and is attracted solely to men may identify as a straight woman.

“Transgender” is a term for an individual whose gender identity and/or gender expression differs from those typically associated with the sex and gender assigned at birth.

“Transition” is the process by which a transgender person recognizes that their authentic gender identity is not the same as the gender assigned at birth, and develops a more affirming gender expression that feels authentic. Some individuals socially transition, for example, through dress, use of names and/or pronouns. Some individuals may undergo physical transition, which might include hormone treatments and surgery. School district personnel should avoid the phrase “sex change,” as it is an inaccurate description of the transition process; the process is more accurately described as “gender-confirming.”

“LGBTQ” is an acronym for “lesbian, gay, bisexual, transgender, and queer/questioning.”

“Gender nonconforming” describes a person whose gender expression does not conform to the gender expectations of their family or community. Gender nonconformity is not necessarily an indication that a youth is transgender; many non-transgender youth do not conform to stereotypical expectations.

“Gender expansive, Gender diverse, Gender fluid, Gender non-binary, A gender, Gender queer” are terms that convey a wider, more flexible range of gender identity and/or expression than typically associated with the binary gender system. For example, students who identify as gender queer or gender fluid might not identify as boys or girls; for these students, the non-binary gender identity functions as the student’s gender identity.

POLICY GUIDE

“Cisgender” refers to individuals whose gender identity, expression, or behavior conforms with those typically associated with their sex assigned at birth.

Student-Centered Approach

The school district shall accept a student’s asserted gender identity; parental consent is not required. A student need not meet any threshold diagnosis or treatment requirements to have his or her gender identity recognized and respected by the school district, school, or school staff members. In addition, a legal or court-ordered name change is not required. There is no affirmative duty for any school district staff member to notify a student’s parent of the student’s gender identity or expression.

There may be instances where a parent of a minor student disagrees with the student regarding the name and pronoun to be used at school and in the student’s education records. In the event a parent objects to the minor student’s name change request, the Superintendent or designee should consult the Board Attorney regarding the minor student’s civil rights and protections under the NJLAD. School staff members should continue to refer to the student in accordance with the student’s chosen name and pronoun at school and may consider providing resource information regarding family counseling and support services outside of the school district.

School districts should be mindful of disputes between minor students and parents concerning the student’s gender identity or expression. Many support resources are available through advocacy groups and resources from the New Jersey Department of Children and Families and New Jersey Department of Education’s “Child Abuse, Neglect, and Missing Children” webpage.

The Principal or designee should have an open, but confidential discussion with the student to ascertain the student’s preference on matters such as chosen name, chosen pronoun to use, and parental communications. A transgender student shall be addressed at school by the name and pronoun chosen by the student, regardless of whether a legal name change or change in official school records has occurred. The school shall issue school documentation for a transgender student, such as student identification cards, in the name chosen by the student. A transgender student shall be allowed to dress in accordance with the student’s gender identity.

The Principal or designee should also discuss with the student, and any other individuals at the student’s request, the risks associated with the student’s transgender status being inadvertently disclosed. For example, the Principal or designee should inform the student the transgender status may be revealed due to

POLICY GUIDE

other students' discussions at home. The Principal or designee should work with the transgender student to ensure awareness of activities and events that may inadvertently disclose the transgender student's status.

Safe and Supportive Environment

The Board developed and adopted this Policy to ensure that its schools provide a safe and supportive learning environment that is free from discrimination and harassment for transgender students, including students going through a gender transition. Gender-based policies, rules, and practices can have the effect of marginalizing, stigmatizing, and excluding students, whether they are gender nonconforming or not.

The Superintendent or designee shall review and update existing policies and procedures, including those regarding classroom activities, school ceremonies, school photographs, and dress codes, to verify transgender students are not excluded. In addition, the school district shall take the following steps to establish and maintain a nondiscriminatory environment for all students, including transgender and transitioning students:

- The school district must comply with N.J.S.A. 18A:37-15 and N.J.A.C. 6A:16-7.7, which prohibit harassment, intimidation, and bullying. The Board is required to develop, adopt, and implement a Policy in accordance with N.J.S.A. 18A:37-15 and N.J.A.C. 6A:16-7.7 that prohibits harassment, intimidation, or bullying on school property, at a school-sponsored function, or on a school bus. If harassment, intimidation, or bullying based on gender identity creates a hostile environment, the school must take prompt and effective steps to end the harassment, intimidation, or bullying, prevent its recurrence, and, as appropriate, remedy its effects.
- The Superintendent or designee should ensure training is provided to school staff members on sensitivity and respect towards transgender students.
- Social and Emotional Learning (SEL) concepts should be incorporated into school culture and curricula.
- The school district may seek a variety of professionals, including counselors and school psychologists, to provide emotional supports for all students who demonstrate a need. The Superintendent or designee shall ensure school counselors are knowledgeable

POLICY GUIDE

regarding issues and concerns relevant to transgender students, students facing other gender identity issues, or students who may be transitioning.

STUDENTS
5756/page 5 of 9
Transgender Students

- Student dress codes should not be enforced more strictly for transgender and gender nonconforming students than for other students.
- The school district shall honor and recognize a student's asserted gender identity, and shall not require any documentation or evidence in any form, including diagnosis, treatment, or legal name change.
- A school's obligation to ensure nondiscrimination on the basis of gender identity requires schools to provide transgender students equal access to educational programs and activities, even in circumstances in which other students, parents, or community members raise objections or concerns.

Confidentiality and Privacy

School staff members may not disclose information that may reveal a student's transgender status except as allowed by law. The Principal or designee is advised to work with the student to create an appropriate confidentiality plan regarding the student's transgender or transitioning status.

The school district shall keep confidential a current, new, or prospective student's transgender status. Schools should address the student using a chosen name and the student's birth name should be kept confidential by school and school staff members.

Due to a specific and compelling need, such as the health and safety of a student or an incident of bias-related crime, the school district may be obligated to disclose a student's status. In this event, the Principal or designee should inform the student the school or school district intends to disclose the student's transgender status for the student's protection and well-being. Prior to disclosure, the student should be given the opportunity to personally disclose that information. The school district should make every effort to ensure any disclosure is made in a way that reduces or eliminates the risk of re-disclosure and protects the transgender student from further harassment. Those measures may

POLICY GUIDE

include the facilitation of counseling for the student and the student's family to facilitate the family's acceptance and support of the student's transgender status.

STUDENTS

During a harassment, intimidation, or bullying investigation the school district is obligated to develop a procedure to report, verbally and in writing, an act of harassment, intimidation, and bullying committed by an adult or youth against a student, pursuant to N.J.A.C. 6A:16-7.7(a)2viii. In this instance, the Principal or designee should inform the student of the school's obligation to report the findings of the harassment, intimidation, and bullying investigation pursuant to N.J.S.A. 18A:37-15(d), which permits the parents of the students who are parties to the investigation to receive information about the investigation in accordance with Federal and State law and regulation. Under harassment, intimidation, and bullying legal requirements, parents are entitled to know the nature of the investigation; whether the district found evidence of harassment, intimidation, or bullying; or whether disciplinary action was imposed or services provided to address the incident of harassment, intimidation, or bullying.

The Principal or designee shall take into account the circumstances of the incident when providing notification to parents of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense, pursuant to N.J.A.C. 6A:16-7.7(a)2viii(2).

Disclosure of personally identifiable information from a student's education record to other school officials within the school district, whom the school district has determined have a legitimate educational interest in the information, may be permissible under Family Educational Rights and Privacy Act (FERPA) (34 C.F.R. § 99.31(a)(1)). The school district shall make a concerted effort to ensure school officials obtain access to only those education records in which they have legitimate educational interests.

The school district shall comply with all laws and regulations regarding the confidentiality of student records and student privacy, including the requirements set forth at 20 U.S.C. § 1232g, Family Educational Rights and Privacy Act; 34 CFR Part 99, Family Educational Rights and Privacy; 20 U.S.C. § 1232h, Protection of Pupil Rights; 34 CFR Part 98, Student Rights in Research, Experimental Programs, and Testing; P.L. 104-191, Health Insurance Portability and Accountability Act; 45 CFR Part 160, General Administrative Requirements; 20 U.S.C. § 7917, Transfer of school disciplinary records; 42 CFR Part 2, Confidentiality of Alcohol and Drug Abuse Patient Records; N.J.S.A.

School Records

If a student has expressed a preference to be called by a name other than their birth name, permanent student records containing the student's birth name should be kept in a separate, confidential file. This file should only be shared with appropriate school staff members after consultation with a student. A separate file containing records bearing the student's chosen name may also be kept. If the student has previously been known at school or in school records by a birth name, the Principal or designee should direct school staff members to use the student's chosen name and not the student's birth name.

To ensure consistency among teachers, school administrators, substitute teachers, and other school staff members, every effort should be made to immediately update student education records (for example, attendance records, transcripts, Individualized Education Programs (IEP), etc.) with the student's chosen name and gender pronouns, consistent with the student's gender identity and expression, and not circulate records with the student's birth name, unless directed by the student.

- The school district shall report to the New Jersey Department of Education (NJDOE) through NJ SMART a student's name or gender based upon that student's chosen name and corresponding gender identity. Changing the name or gender identity from what was reported in previous years will not affect the reliability of the data reported.
- If the school district changes a student's name or gender identity, it must also maintain locally a separate record reflecting the student's legal name and sex assigned at birth until receipt of documentation of a legal change of name or gender.

POLICY GUIDE

Activities

With respect to gender-segregated classes or athletic activities, including intramural and interscholastic athletics, all students must be allowed to participate in a manner consistent with their gender identity.

STUDENTS

The school district shall:

- Provide transgender students with the same opportunities to participate in physical education as other students in accordance with their gender identity;
- Permit a transgender student to participate in gender-segregated school activities in accordance with the student's gender identity;
- Permit and support the formation of student clubs or programs regarding issues related to lesbian, gay, bisexual, transgender, and queer/questioning (LGBTQ) youth; and
- Offer support in the creation of peer led educational groups.

Use of Facilities

All students are entitled to have access to restrooms, locker rooms, and changing facilities in accordance with their gender identity to allow for involvement in various school programs and activities.

In all cases, the Principal or designee must work with the student and school staff members so all parties are aware of facility policies and understand the student may access the restroom, locker room, and changing facility that corresponds to the student's gender identity. While some transgender students will want this arrangement, others may be uncomfortable with it. Transgender students who are uncomfortable using a sex-segregated restroom should be provided with a safe and adequate alternative, such as a single "unisex" restroom or the nurse's restroom. Similarly, some transgender students may be uncomfortable using the changing facilities that correspond to the student's gender identity. Non-transgender students should also be afforded the option to use a private facility, such as a unisex facility or the nurse's restroom, should they feel uncomfortable.

POLICY GUIDE

- The school district shall allow a transgender student to use a restroom or locker room based on the student's gender identity.
- Reasonable alternative arrangements shall be made if needed to ensure a student's safety and comfort. This direction for accommodations should come from the student.

The Superintendent or designee will make available to school staff members a variety of resources regarding professional development opportunities as sourced by the NJDOE as well as developmentally appropriate information for students regarding LGBTQ issues.

The Board adopts this Policy to help school and district administrators take steps to create an inclusive environment in which transgender and gender nonconforming students feel safe and supported, and to ensure each school provides equal educational opportunities for all students, in compliance with N.J.A.C. 6A:7-1.1 et seq.

[SCHOOL DISTRICTS NOT PARTICIPATING IN A UNITED STATES DEPARTMENT OF AGRICULTURE'S (USDA) SCHOOL NUTRITION PROGRAMS ARE NOT REQUIRED TO ADOPT POLICY 8561.]

8561 PROCUREMENT PROCEDURES FOR SCHOOL NUTRITION PROGRAMS

The Board of Education adopts this Policy to identify their procurement plan for the United States Department of Agriculture's (USDA) School Nutrition Programs. School Nutrition Programs include, but are not limited to: the National School Lunch Program (NSLP); School Breakfast Program (SBP); Afterschool Snack Program (ASP); Special Milk Program (SMP); Fresh Fruit and Vegetable Program (FFVP); Seamless Summer Option (SSO) of the NSLP; Summer Food Service Program (SFSP); the At-Risk Afterschool Meals component of the Child and Adult Care Food Program (CACFP); and the Schools/Child Nutrition USDA Foods Program.

The Board of Education is ultimately responsible for ensuring all procurement procedures for any purchases by the Board of Education and/or a food service management company (FSMC) comply with all Federal regulations, including but not limited to: 7 CFR Parts 210, 220, 225, 226, 245, 250; 2 CFR 200; State procurement statutes and administrative codes and regulations; local Board of Education procurement policies; and any other applicable State and local laws.

The procurement procedures contained in this Policy will be implemented beginning immediately, until amended. All procurements must maximize full and open competition. Source documentation will be maintained by the School Business Administrator/Board Secretary or designee and will be available to determine open competition, the reasonableness, the allowability, and the allocation of costs.

The Board of Education intentionally seeks to prohibit conflicts of interest in all procurement of goods and services.

A. General Procurement

The procurement procedures will maximize full and open competition, transparency in transactions, comparability, and documentation of all procurement activities. The school district's plan for procuring items for use in the School Nutrition Programs is as follows:

1. The School Business Administrator/Board Secretary will ensure all purchases will be in accordance with the Federal Funds Procurement Method Selection Chart – State Agency Form #358 - Appendix. Formal procurement procedures will be used as required by 2 CFR 200.318 **through** .326 and any State and local procurement code and regulations. Informal procurement procedures (small purchase) will be required for purchases under the most restrictive small purchase threshold.
2. The following procedures will be used for all purchases:

Product/ Services	Estimated Dollar Amount	Procurement Method	Evaluation	Contract Award Type	Contract Duration/ Frequency

Micro-Purchases (2 CFR 200.67):

Non-Public Schools Only - Purchases of supplies or services, within the micro-purchase threshold (the aggregate amount does not exceed **the Federal micro-purchase threshold as set by 48 CFR 2.101 \$3,500 as defined by 2 CFR 200.67**) will be awarded without soliciting competitive price quotations if the price is reasonable. Purchases will be distributed equitably among qualified suppliers with reasonable prices. Records will be kept for micro-purchases.

2415.06 UNSAFE SCHOOL CHOICE OPTION

The New Jersey Department of Education (NJDOE) is required to establish an Unsafe School Choice Option (USCO) Policy per the Elementary and Secondary Act (ESEA) of 1965, as reauthorized under the Federal Every Student Succeeds Act of 2015 (ESSA). The USCO Policy requires that students who attend a persistently dangerous public elementary or secondary school as determined by the NJDOE, or become victims of a violent criminal offense while in or on school grounds of a public school that they attend, be allowed to attend a safe public school within the district. The USCO provision under the ESSA contains two provisions that apply to school districts that receive funds under ESSA: Provision I - Persistently Dangerous Schools and Provision II - Victims of Violent Criminal Offenses.

Effective the beginning of each school year, school districts receiving ESSA funds must be prepared to complete the transfer of students who choose to exercise Provision I and Provision II of this USCO Policy. Compliance with the Policy is a condition of receiving funds under any and all titles under ESSA. The Superintendent is required to certify compliance with this USCO Policy to the NJDOE in the application for ESSA funds.

USCO Policy Provision I - Persistently Dangerous Schools (PDS)

1. Criteria for Determining PDS.

A persistently dangerous school is a public elementary or secondary school building (except for Regional Day Schools, Educational Services Commissions and Special Services School Districts) that meets the objective criteria determined by the NJDOE for three consecutive years and is part of a school district that receives funds under ESSA. The NJDOE will use the most current available data from the **Electronic Violence and Vandalism Reporting System (EVVRS) Student Safety Data System (SSDS)** to identify PDS on or before July 31 of each year.

POLICY GUIDE

PROGRAM
2415.06/page 2 of 14
Unsafe School Choice Option

2. Procedures and Guidelines for Schools Determined to be Persistently Dangerous.

A school district will be notified by the NJDOE on or before July 31 of each year if a school(s) in the school district has been identified as a PDS. Once the district receives notification a school is identified as persistently dangerous, the district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of the notice and offer them the option for their children to transfer to a safe public school within the district by the beginning of the respective school year. The district must complete all transfers by the beginning of the school year following the July notification.

Students are not required to accept the transfer option, but they must be afforded the opportunity to do so. Parental notice regarding the status of the school and the offer to transfer students should be made simultaneously. Parents of enrolled students must be notified of the persistently dangerous designation whether or not there is another school within the district for the transferring students.

To the extent possible, the district will allow transferring students to transfer to schools that have not been identified as low performing, under the State's ESSA accountability system. When a transfer school is not available within the school district, the district may seek arrangements for students to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected students and parents.

3. Corrective Action Plan for a School Identified as Persistently Dangerous.

If a school in the district is identified by the NJDOE as persistently dangerous, the district will submit to the NJDOE documentation of compliance with the parent notification requirement and actions taken to complete the transfer arrangements for all students exercising the option by the first day of the school year. Additionally, the district is required to develop and submit for

POLICY GUIDE

PROGRAM

approval a corrective action plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the ~~EVVRS SSDS~~. The NJDOE will provide the school with guidance for its corrective action plan, as well as monitor the school district's timely completion of the approved plan.

In the spring of each following year, the NJDOE will re-evaluate the status of a school identified as persistently dangerous. The NJDOE will review the school's progress towards completing its corrective action plan and compare the current year's incidents of violence, as reported on the ~~EVVRS SSDS~~, to the criteria for determining PDS. A school identified as maintaining the persistently dangerous designation will be notified by the NJDOE on or before July 31 of the respective year and will be required to submit for approval a revised corrective action plan by September 30 of that year, which will apply to the respective school year. The school district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of notice and offer them the option for their children to transfer to a safe public school by the beginning of the respective school year in accordance with 2. above.

A school no longer designated persistently dangerous will be notified on or before July 31 of the respective year. The persistently dangerous designation will be removed after one or more years contingent upon successful fulfillment of the criteria for removal, as determined by evidence of the school's progress toward successfully completing the approved corrective action plan, and evidence of incidents that no longer meet the criteria for determining PDS, described above, for one school year, the year in which the corrective action plan was in effect.

POLICY GUIDE

PROGRAM

4. Procedures and Guidelines for Early Warning of Schools.

When a school meets the criteria set forth in this Policy for one year, the district will be informed of the types of offenses reported that have led to an early notification. This notification, on or before August 15 of each year, will be informational only. A school that no longer meets the criteria for PDS for one year will no longer be considered in early notification status. A school that meets the criteria for two consecutive years will move into early warning status outlined below.

If a school meets the criteria set forth in this Policy for two consecutive years, the district will be notified of the pattern of offenses on or before August 15 of each year. If notified, the district will develop and submit for approval a school safety plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The school safety plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the ~~EVVRS SSDS~~. The NJDOE will provide an early warning school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan. A school receiving an "early warning" notice is not required to provide the transfer option to students.

In the spring of each following year, the NJDOE will reevaluate the school's progress towards completing its school safety plan and compare the current year's incidents of violence, as reported on the ~~EVVRS SSDS~~, to the criteria for determining PDS. The school will be notified of its status on or before July 31 of the respective year.

A school that no longer meets the criteria for PDS for one school year, the year in which the school safety plan was in effect, will no longer be required to submit a school safety plan.

A school that meets the criteria for PDS for a third consecutive year will be designated persistently dangerous and will be required to submit for approval a corrective action plan on or before September 30 of that year, which will apply to the respective school year and provide the transfer option to students in the school designated as persistently dangerous.

5. Schools Not Receiving ESSA Funds, but Meeting the Criteria for PDS.

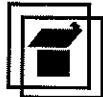

School buildings and districts that ~~do are not part of a local education agency (LEA)~~ that receives Federal funds under ESSA, but meet any one of the criteria for PDS will be contacted by the NJDOE and be required to develop and submit for approval a school safety plan on or before September 30 of the respective year. The school safety plan must be completed in the format provided by the NJDOE and describe how the school will reduce the number of incidents of violence as determined by the ~~EVVRS SSDS~~. The NJDOE will provide the school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan.

USCO Policy Provision II – Victims of Violent Criminal Offenses

The Unsafe School Choice Option provision under the ESSA requires a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the district, including a public charter school.

PROGRAM
2415.06/page 6 of 14
Unsafe School Choice Option

The individual victim provision of this Policy attempts to fulfill the requirement for the school district to provide relief to students who have been victimized, while providing a school with a practical means for making determinations on incidents of victimization that are within the purview of the school district. The individual victim section of this Policy has been crafted to enable school staff to make reasonable determinations and actions regarding this Policy. The Superintendent will consult with the Board attorney and communicate with designated local and/or county law enforcement authorities, per the provisions of the *Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials and N.J.A.C. 6A:16-6.2(b)13*, on questions and issues that

POLICY GUIDE

arise in the implementation of the individual victims of violent criminal offenses section of this Policy.

1. Criteria for Determining Victims of Violent Criminal Offenses

The following criteria must be used to determine when an enrolled student has become a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends. These criteria only apply to a student who has become a victim of one or more of the violent criminal offenses enumerated below:

A student is considered a victim of a violent criminal offense when:

- a. A referral has been made to law enforcement officials for suspicion that one of the violent criminal offenses enumerated below has occurred; and
- b. One or more of the following applies:
 - (1) Law enforcement officials have filed formal charges against the offender(s) for commission of the violent crime; or
 - (2) The offender(s) has received sanctions in accordance with the Board of Education's Code of Student Conduct; or
 - (3) The offender(s) either has not been identified or is not an enrolled student(s), but it is clear that the student (victim) has become a victim of a violent criminal offense based on objective indicators such as physical evidence, eyewitness testimony, and/or circumstantial evidence; or
 - (4) The pre-existence of a restraining order against the offender(s).

2. Procedures and Guidelines

Effective the first day of each school year, the district must be prepared to begin the transfer of any student who chooses to exercise the individual choice option provision. The district must offer, within fourteen calendar days of the incident, an opportunity to transfer to a safe public school within the district to any student who has become a victim of a violent criminal offense while in or on the grounds of a public school that the student attends. While the student must be offered the opportunity to transfer, the student may elect to remain at the school.

To the extent possible, the district will allow any transferring student to transfer to a school that has not been identified as low performing, under the State's ESSA accountability system. In addition, when a transfer school is not available within the district, the district may seek arrangements for a student to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected student and his or her parent(s). Transfers must occur within thirty days of the determination that the student was a victim of a violent criminal offense.

3. Violent Criminal Offenses

The violent criminal offenses under New Jersey statutes that apply to the individual victim provision of this Policy are identified and explained below. The offenses apply to completed offenses, as

PROGRAM

well as attempts to commit the offenses. The offenses and attempts to commit the offenses apply only when they occur in or on the school grounds, as defined in N.J.A.C. 6A:16-1.3, of the school that the student attends. The offenses apply whether they occur wholly or in part in or on the grounds of the school that the student attends. The offenses apply only to acts or attempts that are directed at a person (victim) or a group of specified individuals

POLICY GUIDE

(victims), rather than acts that indiscriminately affect the entire school population or non-specified individuals or groups.

4. Applicable Violent Criminal Offenses

Below is a description of each applicable violent criminal offense that is based upon New Jersey statutes and references to statutory citations that provide complete explanations of each designated offense. The descriptions provided below are not intended to be a complete explanation of each offense or a substitute for the actual provisions of the authorizing statutes. Instead, the descriptions are provided as an aid in facilitating understanding of the general intent and practical applications of the violent criminal offenses that pertain to this Policy.

- a. Homicide [N.J.S.A. 2C:11-2] - A student is a victim of a homicide when he or she is the child, sibling or other relative of a decedent, resulting from someone purposely, knowingly or recklessly causing the death of the student's parent, sibling, or relative in or on school grounds.
- b. Assault [N.J.S.A. 2C:12-1(A)(1-3) and 2C:12-1(B)(1-4)] - A person is a victim of an assault when the actor: purposely, knowingly, or recklessly causes bodily injury to the victim; negligently, recklessly, knowingly, or purposely causes bodily injury to the victim with a deadly weapon; attempts by physical menace to put the victim in fear of imminent serious bodily injury; or knowingly points a firearm at or in the direction of the victim, whether or not the actor believes it to be loaded.

POLICY GUIDE

- (1) The victim is less than thirteen years old.
 - (2) The victim is at least thirteen, but less than sixteen years old; and the actor is at least four years older than the victim.

- d. Bias Intimidation [N.J.S.A. 2C:16-1(A)] - A person is a victim of the crime of bias intimidation when an actor commits, attempts to commit, conspires with another to commit or threatens the immediate commission of an offense specified in Chapters 11 through 18 of Title 2C of the New Jersey Statutes; N.J.S.A. 2C:33-4; N.J.S.A. 2C:39-3; N.J.S.A. 2C:39-4 or N.J.S.A. 2C:39-5 in the following circumstances:
- (1) With a purpose to intimidate a victim or a group of specified victims because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or

- (b) The victim or the victim's property was selected to be the target of the offense because of race, color, religion, gender, handicap, sexual orientation, or ethnicity.
- e. Terroristic Threat [N.J.S.A. 2C:12-3(A) and 2C:12-3(B)] - A person is a victim of a terroristic threat when the actor threatens to commit one of the violent criminal offenses enumerated under this Policy against the victim with the purpose to put the student in imminent fear of one of the violent crimes enumerated in this Policy under circumstances reasonably causing the victim to believe the immediacy of the threat and the likelihood that it will be carried out. The definition of terroristic threat applies to N.J.S.A. 2C:12-3(a) insofar as the threat was directed at a person (victim) or a group of specified individuals (victims).
- f. Robbery [N.J.S.A. 2C:15-1] - A person is a victim of a robbery when the actor, in the course of committing a theft, inflicts bodily injury; or uses force upon the victim; threatens the victim with or purposely puts the victim in fear of immediate bodily injury.

unlawfully removes the victim from the school or school grounds or a substantial distance from where he or she is found in school or on school grounds; or if the actor unlawfully confines a student for a substantial period of time with any of the following purposes: to facilitate commission of a crime or flight thereafter, or to inflict bodily injury on or terrorize the victim.

- h. Arson [N.J.S.A. 2C:17-1] - A person is a victim of arson when the actor purposely or knowingly starts a fire or causes an explosion in or on the grounds of a school whereby the victim or group of specified victims are in danger of death or bodily injury; or with the purpose of destroying or damaging the victim's or group of specified victim's property that is in the school or on school grounds.

Miscellaneous Provisions of USCO

1. Transfer Time Period – PDS

The transfer will be temporary and will be in effect as long as the student's original school is identified as persistently dangerous.

PROGRAM

2. Charter School Transfer Option

While ESSA permits affected students to be afforded the opportunity to attend a public charter school, in addition to a safe public elementary school or secondary school within the school district, the application of this provision in New Jersey is limited. Transfers to a charter school can only occur as a part of the charter school's "equal opportunity" selection process and among charter schools administered under the same managing authority (i.e., charter schools within the charter school district).

Since charter schools in New Jersey are considered public (LEA's), pursuant to N.J.S.A. 18A:36A-3, operated independently of a local board of education, transfers may only take place among charter schools within the LEA. Therefore, students may be permitted to transfer to another charter school that is administered

POLICY GUIDE

under the same managing authority of the charter school, but are not permitted to transfer to a school in the local public school district administered by a local board of education.

However, pursuant to N.J.S.A. 18A:36A-7, a charter school must be open to all students on a space available basis and may not discriminate in its admission policies or practices (although it may establish reasonable criteria to evaluate prospective students), and in accordance with N.J.S.A. 18A:36A-8, if there are more applications to enroll in the charter school than there are spaces available, the charter school must select students to attend using a random selection process for enrollment.

3. Funding Sources for USCO

The USCO statute does not authorize resources specifically to help cover USCO costs associated with transferring a student from a PDS. However, under certain circumstances Federal funds may be used. For example, ESEA Title IV, Part A [Section 4115(b)(2)(E)(v)] may be used to establish safe zones of passage to and from school to ensure that students travel safely on their way to school and on their way home. In addition, ESEA Title IV, Part A [Sections 5121(8) and 5131(12) and (25)] funds may be used to help cover costs such as tuition or transportation related to the USCO or expansion of public school choice.

PROGRAM

4. Special Education Students

The district will provide transferred special education students with the program required by the student's Individualized Education Program (IEP).

5. Transfer Schools

In the event there is not another school within the school district for a transferring student, the district is not required to transfer the student to a school outside the school district.

POLICY GUIDE

6. The district will offer students the transfer option if they do not meet the criteria for determining victims of violent criminal offenses under the USCO Policy Provision II as one response for providing relief to students whose victimization has affected their safety and ability to learn.

The district will use the school choice option as one response to incidents of victimization. Additionally, the district will develop and implement appropriate strategies for addressing the circumstances that contribute to or support victimization, as well as consistently and proactively manage individuals who have victimized students. The district will promote the importance of school safety and respond to the needs of students and staff. Pursuant to the law, the district will provide an opportunity for students, parents and school district and law enforcement personnel to discuss methods for keeping schools safe from violence; to create school safety plans; and to recognize students in need of help. The district will organize activities to prevent school violence, including, but not

limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity and tolerance. Law enforcement personnel will be invited to join members of the teaching staff in the discussions. Programs shall also be provided for school district employees that are designated to help school district employees recognize warning signs of school violence and to instruct school district employees on recommended conduct during an incident of school violence.

In accordance with the provisions of N.J.S.A. 18A:17-46, two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing, the Superintendent shall report to the Board of Education all acts of violence; vandalism; and harassment, intimidation, and bullying which occurred during the previous reporting period.

2431.3 PRACTICE AND PRE-SEASON HEAT-ACCLIMATION FOR
SCHOOL-SPONSORED INTERSCHOLASTIC ATHLETICS
AND EXTRA-CURRICULAR ACTIVITIES

The Board of Education adopts this Policy as a measure to protect the safety, health, and welfare of students participating in school-sponsored athletic programs and extra-curricular activities. The Board believes practice and pre-season heat-acclimation guidelines for students will minimize injury and enhance a student's health, performance, and well-being.

— Therefore, the Board of Education requires the implementation of the practice and pre-season heat-acclimation procedures as recommended by the New Jersey State Interscholastic Athletic Association (NJSIAA) for students participating in all school-sponsored athletic programs and extra-curricular activities during warm weather months. The Superintendent of Schools or designee shall ensure the implementation of the Practice and Pre-Season Heat-Acclimation Procedures.

The Superintendent of Schools or designee may reduce practice times or adjust other provisions that would reduce a student's exertion if weather and/or temperature warrant such action.

This Policy and the school district's practice and pre-season heat-acclimation procedure shall be approved by the school district's physician prior to implementation.

Reimbursement of Federal and Other
Grant Expenditures

[See POLICY ALERT Nos. 190 and 218]

6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES

The Cash Management Improvement Act (CMIA) and related Federal regulations require a State to minimize the time elapsing between the transfer of funds from the United States Treasury and the expenditure of funds for program purposes. This requirement applies to grantees such as the State of New Jersey and their subgrantees, such as a school district. The State of New Jersey and school districts must assure funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government.

In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures as outlined in the New Jersey Department of Education Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures shall be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under the Every Student Succeeds Act (ESSA) Titles I, II-A, II-D, III, III Immigrant, IV and V of the No Child Left Behind Act (NCLB), the Individuals with Disabilities Education Act (IDEA), and the Carl D. Perkins Career and Technical Education Improvement Act of 2006, and any other program designated by the NJDOE shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

Reimbursement requests by the School Business Administrator/Board Secretary or designee shall be made for individual titles and awards using the payment functionality of the EWEG system. Reimbursement requests shall be made for individual titles and awards and only one reimbursement request per month may be submitted for an individual title, or award, or subgrant. Reimbursement requests may only be for expenditures that have already occurred or will occur within three business days of receipt of funds by the last calendar day of the month in which the request is made.

The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures within three business days of receipt of funds by the last calendar day of the

~~month in which the request is made and that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant. Reimbursement requests must be in accordance with approved grant applications.~~

The Superintendent of Schools or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created. The Superintendent of Schools or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award ~~or \$50,000 for IDEA, Perkins, and NCLB (per title); whichever is less.~~ The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

~~Reimbursement requests must be in accordance with approved grant applications.~~ A reimbursement request may be submitted at any time after the subgrant has received final NJDOE approval. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

~~Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed. Expenditures must be supported by documentation at the school district level but should not be submitted to the NJDOE with a reimbursement request. The Superintendent of Schools or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request. Documentation for salary expenditures is subject to the requirements of the Federal Uniform Grant Guidance applicable Federal Office of Management and Budget Circular: A-21, "Cost Principles for Educational Institutions;" A-87, "Cost Principles for State, Local, and Indian Tribal Governments;" A-122, "Cost Principles for Non-Profit Organizations;" and Education Department General Administrative Regulations (EDGAR). Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.~~

Reimbursement of Federal and Other Grant Expenditures

The NJDOE staff will review reimbursement requests to determine that they meet the subgrant's criteria. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives as the approval of expenditures will continue to be processed through the final report. The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended **within three business days of receipt of funds according to the requirements of the CMIA.**

2. Random Testing

Every employee shall submit to random alcohol and controlled substance testing on an unannounced and random basis resulting from the selection by a random generation methodology in accordance with 49 CFR 383.305(i). Random testing will be spread reasonably throughout any given calendar year.

The minimum annual percentage rate for random alcohol testing shall be ten percent of the average number of driver positions. The minimum annual percentage rate for random controlled substances testing shall be twenty-five percent of the average number of driver positions. The minimum annual percentage rates may be adjusted as determined by the FMCSA Administrator in accordance with 49 CFR 382.305.

Employees shall only be random tested when performing safety-sensitive functions or immediately prior to or immediately following the performance of safety-sensitive functions.

3. Post-Accident Testing

The involvement by an employee in a motor vehicle collision while operating a Board vehicle when such accident results in property damage or personal injury, may trigger a post-accident drug and alcohol test.

As soon as practical following an occurrence, the DER will require post-accident alcohol screening for each of the surviving drivers:

- a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
- b. Who receives a citation within eight hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (1) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or

- (2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
- c. If the alcohol test is not administered within two hours following the accident, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the accident, the DER shall cease attempts to administer the alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

As soon as possible following an occurrence, the district will require post-accident controlled substance screening for each of the surviving drivers:

- a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
- b. Who receives a citation within thirty-two hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (1) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - (2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
- c. If the controlled substance test is not administered within thirty-two hours following the accident, the DER shall cease attempts to administer the controlled substance test and shall prepare and maintain on file a record stating the reasons the test was not promptly administered. Records shall be submitted to the FMCSA upon request.

An employee who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the employer to have refused to submit for testing. (An employee who is injured in an accident and requires medical care, shall submit to post-accident drug and controlled substance testing by the medical care facility providing the treatment or a designee of the Board if the facility is unable to provide the testing.) Nothing herein shall be construed to prevent the employee from leaving the scene of the accident for the period required to obtain necessary assistance or to obtain emergency medical care.

4. Reasonable Suspicion Testing

The DER shall require an employee to submit to an alcohol and/or controlled substance test when the employee is observed by a supervisor or school official who is trained in accordance with 49 CFR 382.603 and causes the observer to have reasonable suspicion to believe the employee has violated 49 CFR 382 et seq. Reasonable suspicion must exist to require the employee to undergo a test and must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the employee. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Reasonable suspicion alcohol testing is authorized only if the required observations are made during, just preceding, or just after the period of the work day the employee is required to be in compliance with the testing requirements of 49 CFR 382 et seq.

Reasonable suspicion testing may be required of an employee while the employee is performing, just before the employee will perform, or just after the employee has ceased performing safety-sensitive functions.

If the alcohol test is not administered within two hours following the determination a reasonable suspicion test is required, the DER will prepare and maintain on file a record stating the reasons the

test was not promptly administered. If the alcohol test is not administered within eight hours following the determination, the DER shall cease attempts to administer the alcohol test and shall state in the record the reasons for not administering the test.

No employee shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the employee is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse. The employee will also not be able to perform or continue to perform safety-sensitive functions until an alcohol test is administered and the employee's concentration measures less than 0.02 or twenty-four hours have elapsed following the determination that reasonable suspicion existed to require an alcohol test.

A written record of the observations leading to a reasonable suspicion test shall be made and signed by the supervisor and/or school official that made the observations. This record shall be made within twenty-four hours of the observed behavior or before the results of the test are released, whichever is earlier.

5. Return to Duty Testing

The district is not required to return an employee to a safety-sensitive position upon receipt of a confirmed drug and/or alcohol test.

The DER may recommend to the Superintendent of Schools the employee's employment be terminated depending on the circumstances.

The DER shall ensure that before an employee returns to duty requiring the performance of a safety-sensitive function, the employee shall undergo a return to duty alcohol test indicating a breath alcohol concentration of less than 0.02 and a controlled substances test with a result indicating a verified negative result for controlled substances use as required in 49 CFR 40.305.

Employees permitted to return to duty are required to take return-to-duty tests and shall be evaluated by a SAP. These employees must participate in an assistance program prescribed by the SAP and as required in 49 CFR 40 Subpart O.

The SAP will determine a written follow-up testing plan for any employee who has been permitted to return to work and has successfully complied with the SAP's recommendations for education and/or treatment. Such employees are subject to a minimum of six unannounced, follow-up drug screenings and alcohol tests over the following twelve months. The testing shall not exceed forty-eight additional months. Alcohol follow-up testing shall be performed only when the employee is performing safety-sensitive functions or immediately prior to performing or immediately after performing safety-sensitive functions. All follow-up testing will be completed in accordance with 49 CFR 40.307. The SAP will comply with all reporting requirements of 49 CFR 40.311.

The Board shall make the ultimate determination to return or not return an employee to a safety-sensitive position subject to any collective bargaining agreements, if any, or other legal requirements.

Medical Review Officer (MRO) Notifications

The Board shall employ or contract with a MRO who is a licensed physician (M.D. or D.O.) and shall designate the MRO as the individual responsible for receiving laboratory results generated by the testing program. The MRO shall have knowledge of controlled substances abuse disorders and have appropriate medical training to interpret and evaluate the employee's confirmed drug test results together with his/her medical history and other biomedical data. The MRO will perform all functions and responsibilities as required in 49 CFR 40.121.

The Board shall designate the facility to be used for the collection of the specimen; provided, however, that the designated facility shall possess all required licenses and permits. The collection site will take place in a facility meeting the requirements of 49 CFR 40 Subpart D. The DER will ensure the collection site meets the security requirements of 49 CFR 40.43.

The Board shall designate the laboratory to which collected fluid samples will be forwarded for drug/alcohol screening. Drug testing laboratories must be certified by the Department of Health and Human Services (HHS) under the National Laboratory Certification Program (NLCP) for all testing required under 49 CFR 40. The laboratory will perform all responsibilities as required in accordance with 49 CFR 40 Subpart F.

Specimens

The normal screening methodology for controlled substances shall be urinalysis, collected by a trained representative of the Board with appropriate documentation at a site designated and approved by the Board. The presence of alcohol will be determined by an Alcohol Screening Device (ASD) or an Evidential Breath Testing Device administered by an individual certified in accordance with 49 CFR 40.211 and 49 CFR 40.213.

8. Fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector);
9. Fails to follow the collection observer(s) instructions of which could be used to interfere with the collection process;
10. Possesses or wears a prosthetic or other device that could be used to interfere with the collection process; or
11. Admits to the collector or MRO he/she has adulterated or substituted the specimen.

If the MRO reports the employee had a verified adulterated or substituted test result, the result will be deemed refusal to take a drug test.

If an employee refuses to participate in a part of the testing process, the collector or MRO, must terminate the portion of the testing process, document the refusal on the CCF (including in the case of the collector, printing the employee's name on Copy 2 of the CCF), immediately notify the DER by any means (e.g., telephone or secure fax machine) that ensures that the refusal notification is immediately received. A referral physician (e.g., physician evaluating a "shy bladder" condition or a claim of a legitimate medical explanation in a validity testing situation) must notify the MRO, who in turn will notify the DER. In addition, the collector must note the refusal in the "Remarks" line (Step 2), and sign and date the CCF. The MRO must note the refusal by checking the "Refused to Test" box (Step 6) on Copy 2 of the CCF, and add the reason on the "Remarks" line. The MRO must then sign and date the CCF. When the employee refuses to take a non-DOT test or to sign a non-DOT form, the employee has not refused to take a DOT test. There are no consequences under DOT agency regulations for refusing to take a non-DOT test.

Record of Negative Screening

An employee required to submit to an alcohol and/or controlled substance screening as provided in this Policy and whose screening results are negative may, at their option, have their personnel file documented to reflect the negative result.

Teaneck Jr. Football League

December 8th, 2019

Good Morning Teaneck Board,

Teaneck Jr football has been a common staple for thousands of kids throughout the years serving as a beacon of help and stability to many of the children and their families. We are writing this letter for a request of all waived fees to be waived for both the high school and Benjamin Franklin MS. Our ultimate organizational goal is to try to give out free tutoring and Minimally charged fees for the workouts to our TJFL Family. We have partnered with the Teaneck Honor society to help give our children a better opportunity in the classroom as well as the field. For the usage of the gym, most of the training courses out in the world today and/or private gyms run up to \$245 per week or over \$1000 for a committed package which most of our families cannot afford for a total program that actually works. Our organization Is only asking for our insurance fees to be covered by the children's parents along with a donation (to help buy equipment) because we want to help change the narrative for Teaneck sports and for our student athletes to make an impact in their classrooms. Last year we volunteered well over 600 hours of time to the community and we intend to do the same this year with your help. We ask our parents to donate to our organization because the end goal is to have better equipment and safety gear for the children. By not paying the fees that ensures us that we will have the funds to be able to spend on our children for the equipment and areas that they deserve. Having us pay for the opportunities for the town and the children would hurt the organization since we are a 501c3 Corp and we are not in this for profit , but we are in this for change and with the help of you all we can definitely see to it that we will help continue to build the fabric of the youth here in Teaneck.

Thank you all and many blessings to you and your families during this time of year.

Sincerely,

Ryan Lugo
General Manager

Teaneck Board of Education:

My name is Chuck Campbell. I am currently the Teaneck Junior Soccer League ("TJSL") President and also a 24-year resident of Teaneck with 2 children in the Teaneck public schools (high school Freshman and Thomas Jefferson ("TJ") 6th grader).

The Teaneck Board of Education ("BOE") has requested additional information from TJSL to explain our request for discounted gym rental cost for Sundays at Teaneck High School ("THS") and Benjamin Franklin Middle School ("BF"), and no-cost gym rental for our TOPSoccer program on Sundays at Thomas Jefferson Middle School. Ken Hoffman is responding separately on behalf of the TOPSoccer program. I am responding on behalf of the TJSL Board of Trustees regarding our Recreation and competitive travel ("FC") programs.

TJSL has enjoyed a long and mutually beneficial relationship with not just the Teaneck public schools, but also the entire Teaneck community. The current financial arrangements regarding gym rental costs have been in place for several years dating back to when the late John Czeterko was Superintendent. While the BOE is aware of the financial arrangement with TJSL rental of its gymnasiums, the BOE may not be aware of how TJSL gives back to the students attending Teaneck public schools as well as the residents of the community of Teaneck.

Here is a list of many of the ways that TJSL gives back to the community:

- The children that participate in the TJSL soccer programs are 100% Teaneck residents. In addition, players in our FC/travel program are now reaching THS and playing on the THS soccer teams.
- College scholarships - Over the past several years, TJSL has awarded in excess of \$100,000 in college scholarships to graduating high-school seniors living in Teaneck. In the last 2 years alone, TJSL has awarded \$32,000 in scholarships to graduating seniors of THS.
- THS Project Graduation - TJSL annually donates \$1,000 to the THS project graduation fund recognizing the support that the students provide to our organization as volunteers as well as the support provided by the BOE with the reduced rate gym rental. We have already made our donation towards the class of 2020 celebration.
- TJSL has a financial aid program that enables children of families experiencing financial hardships (e.g. students receiving free or reduced cost lunch) to receive aid that pays for the cost of their registration in our various Recreation and FC/Travel programs. This Winter, we have 30 players from our Winter Recreation program receiving financial aid and 18 players from our FC/Travel program receiving financial aid.
- TJSL provides volunteer opportunities for the high school students of Teaneck as coaches. This helps ensure that we have enough coaches to maximize the number of Teaneck children that can play soccer each year while enabling the youth coaches to accumulate volunteer hours required for them to graduate.

Teaneck Junior Soccer League • PO Box 265 • Teaneck NJ 07666

TeaneckSoccer.com • 201 477 8575 • info@TeaneckSoccer.com

- It is not just the youth that benefit from volunteering. As a coach in the program for almost 10 years, I know that my life is better for the time that I have spent with my children and their teammates as well as the people that I have met. I hope that BOE trustee Gerard Reiner had a similar experience when he coached his child's team this past Fall.
- TJSI also provides employment opportunities to youth and adults who serve as soccer referees, starting with our junior referee program for 7th and 8th graders. High school students who pass a national certification exam can then work as referees in our league. Many of these high school students have continued on to referee in the competitive Northern Counties Soccer Association leagues. There are also several adult residents of Teaneck that earn money as certified soccer referees.
 - Shawn Holder, THS Boys soccer coach, has worked as a trainer for TJSI prior to starting his current position.

The Teaneck Township Council recognizes the contributions that TJSI provides to Teaneck. Attached is a copy of the proclamation issued by the Teaneck Township Council highlighting the work done by our organization in Teaneck for over 30 years. One proclamation recognizes the work done by TJSI as the lead organization in the work resulting in the Votee Sportsplex – a facility that is also used by THS sports teams.

Requiring TJSI to pay full costs for the use of the Benjamin Franklin gym on Sundays would make our Winter Rec program cost prohibitive and would force us to cancel a program that annually has over 130 Teaneck youth participants.

In conclusion, from both a quantitative and a qualitative basis, we believe that TJSI more than offsets any reduced gymnasium rental costs with its financial contributions (i.e. scholarships, employment opportunities, Project Graduation donations, etc.) and other contributions (e.g. volunteer opportunities for both youth and adults) to members of the Teaneck school system as well as the entire Teaneck community. We hope to continue our long-standing financial arrangement regarding Sunday gym rental costs for our programs and look forward to receiving your response.

Please contact me at chuck.campbell@teanecksoccer.com if you have any questions.

Sincerely,

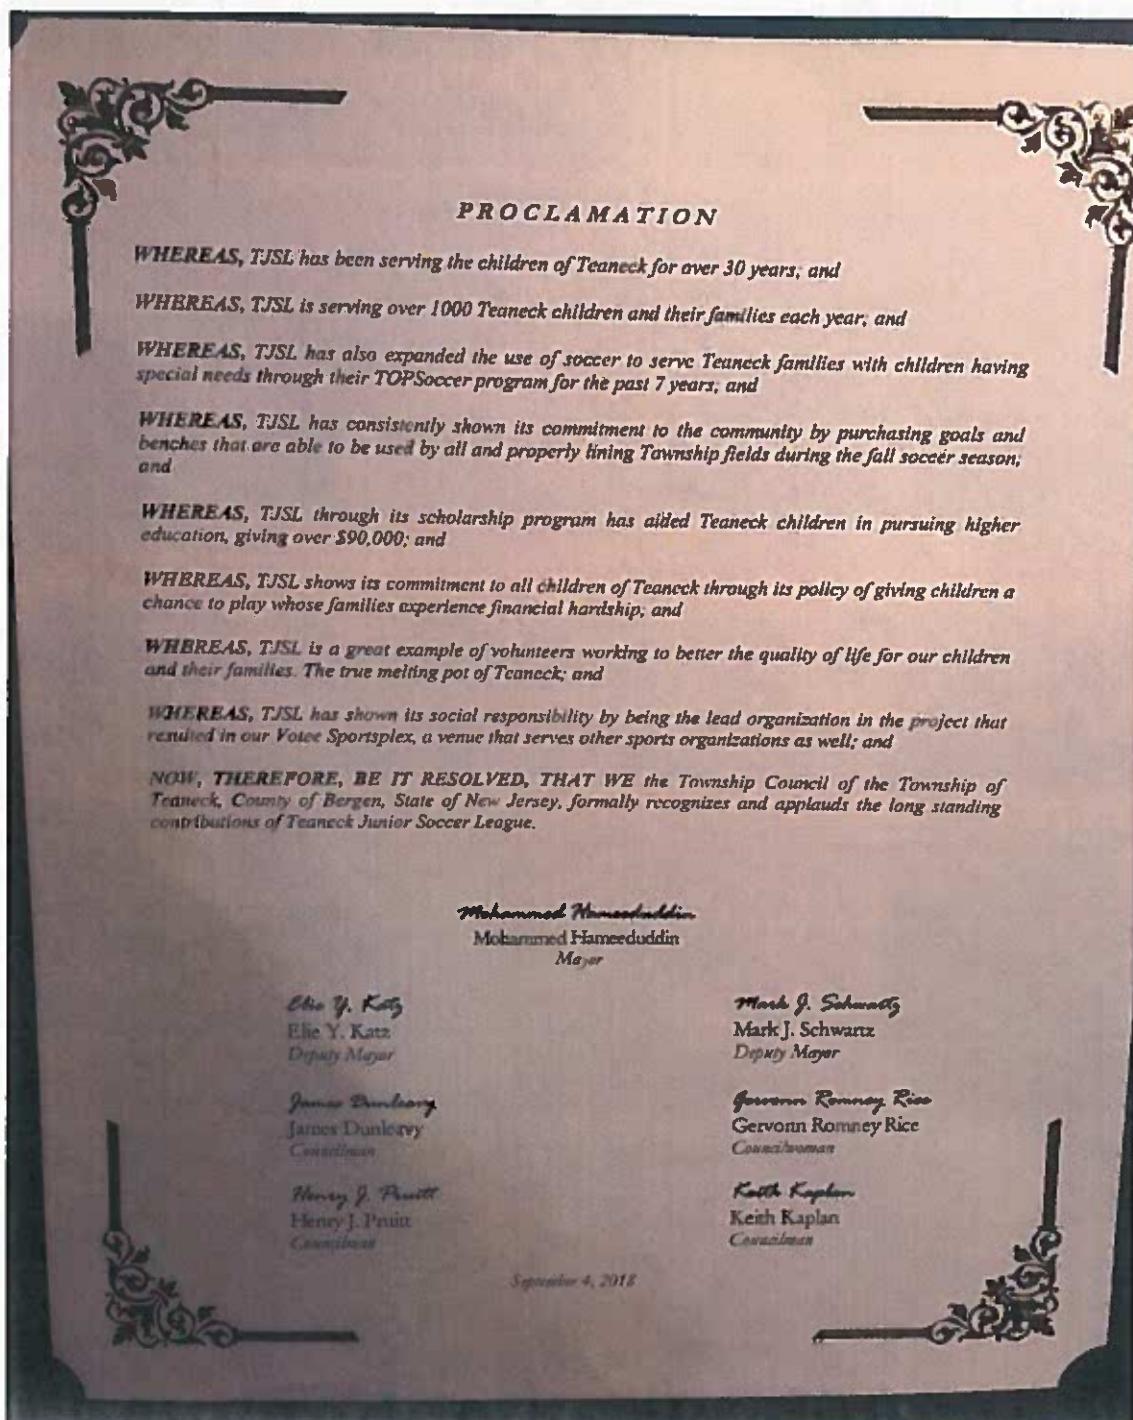

A handwritten signature in blue ink that reads "Chuck Campbell".

Subject: TOPSoccer Building Use for the winter 2020 from Ken Hoffman with my thanks

TO: Teaneck Board of Education

"US Youth Soccer TOPSoccer (The Outreach Program for Soccer) is a community-based training program for all athletes with intellectual, emotional, and or physical disabilities. The program strives to provide soccer opportunities (the opportunity of soccer) for players to develop at their own pace in a safe, fun, and supportive / inclusive environment." from the TOPSoccer web page on the USYS website.

Over ten years ago we recognized that while TJS was offering a great program for the vast majority of our children we were not serving those children with disabilities. Vivian Gaitz, Jim Dunleavy and I founded this program with TJS's full support. We were one of the first in New Jersey and were the first program in Bergen County (for 7 or 8 years we were the only program until Glen Rock started a program)

This program has uniquely offered our community the following items that make TOPSoccer an important part of Teaneck Junior Soccer League's community service:

1. It offers our disabled children a safe environment to be successful playing a sport. Not only does this help with their own self-esteem but it helps their siblings, parents and relatives see them succeed in doing something positive. For many of our clients our program was the first time that they succeeded in playing any sport. In fact, for many siblings this is the first time that they have seen their brother or sister be successful at anything that they themselves can relate. Many of our players have come back for every session as our age group is from 5 through 18. In the winter we register 10-12 students being limited by the size of our gym and the number of buddies we have in our program (see point 2 below)

2. Our program offers our Teaneck based high school students the opportunity for approximately 40 hours of community service per year: 16 hours in our fall outdoor session and 24 hours in our winter session. The students are also required to attend a national certification class to become a "buddy." This allows them to work 1 on 1 with one of our players (usually 2-3 buddies / player with a nationally certified coach supervising their activities). many of our buddies come back for each session as they enjoy their experience. Also, their service, like when our HS students are coaching in our outdoor program, will be rewarded with college scholarships, up to \$2000 for 4 years of service to the league.

3. Registration for our program is \$25 for the 8-week session. However, the majority of our families do not pay anything which is understandable given the extraordinary financial costs that they occur caring for their child. Our players get uniforms as well as an end of session party with gifts donated by TJS, Crown Trophy, Modell's and Cookies by Design. During our session, TJS provides drinks for the spectators and players and doughnuts for all at the end of our session. Then, of course, there is all the specialized equipment required to run a safe and successful program. The Township of Teaneck recognizes TOPSoccer as a youth sports organization and we use that grant to purchase our equipment. For example, the vinyl covered bumpers roughly cost \$200 each. The specialized equipment like balls that make sounds when kicked or have different textures for our players are also expensive.

4. Of equal importance is the help that the BOE and especially the Facilities and Custodial staff under the direction of Mr. Anthony D'Angelo have given us over the years. From constructing a storage area for TOPSoccer's equipment in the boy's locker room to helping us move our equipment from TJ to Votee and back again through the helpfulness of the custodians, our school system has been a partner in our program. ALL of our parents and their families appreciate what their children are receiving through the help of our school district.

So, as you can see, if TOPSoccer needed to pay the cost to rent TJMS our program would become prohibitively expensive for our families and the program would either need to move to another facility or town or shut down.

I hope this email helps everyone to understand how our program works and the success it has brought to our players over the last nine years. Once again, I would be happy to attend the December 11th BOE meeting to discuss this issue further by answering any questions and/or concerns you might have about our program.

Thank you for reading my e-mail.

Pack 171

American Legion
Post 128
Teaneck, NJ 07666

Teaneck Board of Education,

My name is Sam Savoye, and I am the current Cub Master for Teaneck Cub Scout Pack 171.

I would like to formally request a building use fee waiver for the use of the Whittier School. Our request for Whittier School use is outlined within the standard application.

The Boy Scouts of America organization is a nonprofit organization with a mission to serve others by helping to instill values in young people and, in other ways, to prepare them to make ethical choices during their lifetime in achieving their full potential. The values we strive to instill are based on those found in the Scout Oath and Law.

Cub Scout Pack 171 traditionally held meetings in the Whittier School and unfortunately a few years ago the Pack failed to re-charter and was shut down. With recent and renewed interest in the Pack and with the generous assistance of the American Legion post 128 here in Teaneck, we were able to re-charter as the only available Cub Scout Pack in Teaneck, and have begun the process of increasing our membership.

Cub Scout Pack 171 is a self-funded nonprofit organization raising money through fund raisers and membership dues. We are open to any youth from 1st to 5th grade and I believe if the Pack can meet on a regular basis at Whittier School as we have in the past, the parents would recognize the Pack as a viable and worthy option for their children.

Thank you for your consideration in this matter.

HARDSHIP AND ELIGIBILITY AMENDMENTS TO
THE Teaneck Board of Education
403(b) RETIREMENT PLAN

WHEREAS, the Teaneck Board of Education (“Plan Sponsor”) maintains the Teaneck Board of Education 403(b) Retirement Plan (“Plan”); and

WHEREAS, pursuant to Rev. Procs. 2013-22 and 2019-39, and IRS Notice 2018-95, the Plan Sponsor amends the plan documents in a good faith effort to meet the requirements of law, regulations or other issuances regarding eligibility requirements and hardship distributions; and

WHEREAS, this amendment is intended as a good faith effort to comply with the requirements of eligibility to participate in the Plan and hardship distribution final regulations and is to be construed in accordance with the same. Both the Amendment and the eligibility and hardship distribution final regulations will supersede any inconsistent Plan provisions;

NOW, THEREFORE, BE IT RESOLVED that the “Note” provisions set forth in the Adoption Agreement, “Employee Eligibility” is hereby restated and amended to read as follows:

[Note: An Employee normally works fewer than 20 hours per week if, for the 12-month period beginning on the date the Employee's employment commenced, the Employer reasonably expects the Employee to work fewer than 1,000 hours of service (as defined under section 410(a)(3)(C) of the Code) in such period, and, for each Plan Year ending after the close of that 12-month period, the Employee has worked fewer than 1,000 hours of service in the preceding 12-month period. Under this provision, an Employee who works 1,000 or more hours of service in the 12-month period beginning on the date the Employee's employment commenced or in a Plan Year ending after the close of that 12-month period shall then be eligible to participate in the Plan. Once an Employee becomes eligible to have Elective Deferrals made on his or her behalf under the Plan under this standard, the Employee cannot be excluded from eligibility to have Elective Deferrals made on his or her behalf in any later year under this standard. Careful attention must be paid to compliance with the 20-hour rule by the District as it is necessary to the tax-qualification of the Plan.]

[Note: Persons occupying an elected or appointive public office are not eligible for the Plan unless such office is one to which the individual is elected or appointed only if the individual has received training, or is experienced, in the field of education.]

BE IT FURTHER RESOLVED that the “Note” provision set forth in the Adoption Agreement, “Hardship Distributions” is hereby restated and amended to read as follows:

[Note: if hardship distributions under the Plan are allowed, the Plan and Vendors will apply the IRS "safe harbor" rules for such distributions. Effective 1/1/2020, the plan will no longer suspend elective contributions following a hardship withdrawal. See section 5.5 of the Plan for more information.]

BE IT FURTHER RESOLVED that section 5.5 of the Basic Plan Document, “Hardship Withdrawals” is hereby restated and amended to read as follows:

5.5 Hardship Withdrawals

(a) Hardship withdrawals shall be permitted under the Plan to the extent permitted by the Individual Agreements controlling the Account assets to be withdrawn to satisfy the hardship.

(b) The Individual Agreements shall provide for the exchange of information among the Employer or Employer's agent and the Service Provider(s) to the extent necessary to implement the Individual Agreements, including, in the case of a hardship withdrawal that is automatically deemed to be necessary to satisfy the Participant's financial need (pursuant to Section 1.401(k)-1(d)(3)(iv)(E) of the Income Tax Regulations). In addition, in the case of a hardship withdrawal that is not automatically deemed to be

necessary to satisfy the financial need (pursuant to Section 1.401(k)-1(d)(3)(iii)(B) of the Income Tax Regulations), the Service Provider shall obtain information from the Employer or other Service Provider(s) to determine the amount of any plan loans and rollover accounts that are available to the Participant under the Plan to satisfy the financial need.

(c) Safe Harbor Contributions/QNECs/QMACs. Effective 1/1/2020, hardship distributions are permitted from Qualified Non-Elective Contributions, Qualified Matching Contributions or contributions used to satisfy the safe harbor requirements of Code sections 401(k)(12) or 401(k)(13), or 401(m)(11) or 401(m)(12), if available under the Plan and not held in a Custodial Account.

(d) Amount Necessary to Satisfy Need Requirement. Effective 1/1/2020, a distribution will be determined to satisfy an immediate and heavy financial need only if the three criteria listed below are met:

i. The distribution is not in excess of the amount required to satisfy the financial need (including any amounts necessary to pay any federal, state or local income taxes or penalties reasonably anticipated to result from the distribution);

ii. The Participant has obtained all other currently available distributions, other than hardship distributions, under any deferred compensation plan, whether qualified or nonqualified, maintained by the Employer; and

iii. The Participant has represented (in writing or by an electronic medium) that he has insufficient cash or other liquid assets to satisfy the financial need.

(e) Six-Month Suspension. Effective 1/1/2020, the Plan will not initiate a six-month suspension period on Elective Deferrals (and after-tax contributions) following a hardship distribution.

(f) Loan Requirement. Effective 1/1/2020, Participants are not required to take all available nontaxable loans before applying for a hardship distribution.

(g) Modification of Repair Expense. Between 1/1/18 and 2/17/19, the plan modified the safe harbor immediate and heavy financial need expense relating to damage to a principal residence (i.e., §1.401(k)-1(d)(3)(iii)(B)(6) and Basic Plan Document 5.5(g)) to include expenses for the repair of damage to the Employee's principal residence that would qualify for the casualty deduction under Code section 165. Effective 2/19/19, the plan modified the safe harbor immediate and heavy financial need expense relating to damage to a principal residence (i.e., §1.401(k)-1(d)(3)(iii)(B)(6)) to include expenses for the repair of damage to the Employee's principal residence that would qualify for the casualty deduction under Code section 165 (determined without regard to section 165(h)(5) and whether the loss exceeds 10% of adjusted gross income).

(h) New Safe Harbor Financial Need Provision. Effective 1/1/2020, the following immediate and heavy financial need will be considered as a safe harbor criteria for hardship distributions in addition to the safe harbor financial need provisions outlined in 5.5(g) of the Basic Plan Document and §1.401(k)-1(d)(3)(iii)(B):

i. Expenses and losses (including loss of income) incurred by the Employee on account of a disaster declared by the Federal Emergency Management Agency (FEMA) under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, provided that the Employee's principal residence or principal place of employment at the time of the disaster was located in an area designated by FEMA for individual assistance with respect to the disaster.

BE IT FURTHER RESOLVED that the Plan, as restated and amended is hereby approved and adopted.

IN WITNESS WHEREOF, the Plan Sponsor has caused this Resolution and Amendment to be adopted this _____ day of _____, 2019.

RE: Hazardous Material Survey and Bid Specification Preparation Proposal – at the Teaneck High School – Boiler Room, 100 Elizabeth Avenue, Teaneck, NJ, 07666. EDI-PR-191206-1442

Dear Mr. D'Angelo,

Environmental Design Inc. (EDI) is pleased to provide you with this Hazardous Material Survey and Bis Specification Preparation Proposal to be conducted at the above location. This proposal is organized into five (5) sections.

- I. Our Understanding of the Situation
- II. Our Approach to the Situation
- III. Fee Schedule
- IV. Terms and Conditions
- V. Acceptance of Proposal

I. Our Understanding of the Situation

Teaneck School District (also referred to in this document as the “Client”) is requesting ***EDI*** to conduct a hazardous material survey and subsequent specification preparation prior to renovation of the Boiler Room at the Teaneck High School. This boiler room will be completely converted from the present system to a new high efficiency, energy saving system complete with new components and piping. As such and due to the age of the building, a hazardous material survey is required which is more extensive than just asbestos inspections. In addition, bid specifications need to be prepared along with variances as required subsequent to the survey especially since known asbestos containing materials are currently present in the Boiler Room.

II. Our Approach to the Situation

Based upon the information provided by the Client, and ***EDI***‘s current knowledge of the building, the hazards to be focused on will be presumed asbestos containing building materials (PACM), lead in paint and poly-chlorinated biphenyl’s (PCB’s). Therefore, ***EDI*** will:

- ***EDI*** will provide an Building Inspector(s) and Project Designers to examine the Boiler room and any other areas affected by the abatement.
- Included will be the use of procedures/sampling materials/devices for bulk sampling, asbestos, lead in paint, measurements for temperature, humidity, carbon monoxide, carbon dioxide and other analytes as deemed necessary depending on conditions observed during inspections.

An independent third party laboratory will be used which maintains the scientific integrity of the testing for all samples collected. Personnel reviewing results will include ***EDI***’s inspectors, project designers, 3rd party laboratory personnel and others as required.
