“When I talk about *The Teaneck Advantage*, our new district vision, I believe this school district can – and will be – a shining example for public education in New Jersey,” commented Dr. Christopher Irving, Superintendent of Schools. “The outstanding performance of these children brings great pride to our community. It is through their hard work and their strong support system (parents, teachers and administrators), that they are able to succeed. This is what we want to see for all of our children; and I assure this community that through the implementation of our new Strategic Plan, the best is yet to come.”
