- Due to limited seating accommodations, the number of guests per student is limited to 4.
- Please make every effort to be on time to ensure that our students and family are seated for the ceremony. The doors will open 10 minutes before each program, doors will close at the start of each ceremony, and no admittance will be permitted after the ceremony has started.
- Once the ceremony has finished, students will return to their classrooms or the photo staging area outside. Parents will be asked to exit the auditorium immediately after the ceremony so we can clean and set up properly for the next ceremony.
- In an effort to ensure all families are able to celebrate their student, no balloons, signs, or noisemakers will be permitted inside.
