

Good Morning Hawthorne School! This is Lulu and Stephen from Team 26 with a few words of wisdom.

In room 26, we all work together as a team! When people work together they can accomplish many goals. Working as a team can mean building a snowman with your friends, making a solar system diorama with your family, or practicing math facts with your classmate.

Being a team player is so important! There are many things to remember when being on a team. Here are a few of them.

Always practice how you would play. If you practice hard you will play hard.

Work with your teammates to solve problems.

Cheer your teammates on.

Communicate and talk to each other.

Listen to each other's opinion.

Always remember, Together Everyone Achieves More!

With something to think about, this is Lulu and Stephen from Team 26. Make it a great day, or not, the choice is yours!
