39. the Board approved the following **resolution**:

RESOLUTION
Opposing S-1191 / A-3627
(Undermining a School Board's Ability to Subcontract Services)

WHEREAS, New Jersey's boards of education represent the community's interests in the governance and budget oversight of school districts that collectively serve the health and educational needs of nearly 1.4 million children; and

WHEREAS, school boards continually strive to provide cost-effective ways to deliver services, which will free up additional funds to be used in the classroom or for property-tax relief; and

WHEREAS, many New Jersey school boards have found subcontracting of services such as transportation, cafeteria and maintenance is an option that has saved millions of tax dollars every year; and

WHEREAS, the Teaneck Board of Education has always subcontracted transportation and has subcontracted cafeteria services since 1990. To reestablish these services in-house would be cost prohibitive.

WHEREAS, Senate Bill 1191 and Assembly Bill 3627 of the 2012-2013 Legislative Session is a union-backed bill that would place severe obstacles in the way of a school board's ability to subcontract services and save tax dollars; and

WHEREAS, the sole purpose of Senate Bill 1191 and Assembly Bill 3627 is to undermine a board's ability to subcontract services, thereby increasing school employees and increasing the rolls of union membership, which generates more dues for union coffers; and

WHEREAS, Senate Bill 1191 and Assembly Bill 3627 would remove a school board's option to subcontract services, thereby diverting funds from the classroom and burdening property taxpayers.

NOW, THEREFORE, BE IT RESOLVED that the Teaneck Board of Education, in its continued effort to provide cost-effective school operations to the community, opposes Senate Bill 1191 and Assembly Bill 3627; and be it further

RESOLVED, that the Teaneck Board of Education calls on the New Jersey Legislature to reject any such measures that will have the effect of depleting limited resources from our classroom; and be it further

RESOLVED, that a copy of this resolution shall be forwarded to members of the 37th legislative district delegation, legislative leadership and to the Governor of the State of New Jersey, and to the New Jersey School Boards Association.

40. the Board approved the following **resolution**:

RESOLUTION
Opposing S-2163 and A-3696
(Requiring binding arbitration over disciplinary matters involving non-teaching staff)

WHEREAS, New Jersey's local boards of education represent the community's interests in the governance and financial oversight of school districts that serve the educational needs of nearly 1.4 million children; and

WHEREAS, Proposed legislation, Senate Bill 2163 and Assembly Bill 3696, would give non-teaching employees, such as teacher assistants, bus drivers and cafeteria aides, tenure-like protection by forcing school districts to enter into binding arbitration over non-renewal of employment, as well as virtually any "disciplinary" action, ranging from reprimands to withholding increments; and

WHEREAS, S-2163 and A-3696 would undermine the authority of local boards of education, the public's elected and appointed representatives, by preventing them from negotiating disciplinary procedures to effectively and efficiently manage employee conduct and performance; and

WHEREAS, mandated binding arbitration would require the expenditure of valuable time and resources, while placing critical decisions in the hands of arbitrators, who are not accountable to the taxpayers of the community; and

WHEREAS, S-2163 and A-3696 would subject economic decisions, such as a reduction of non-teaching staff due to a budgetary shortfall or enrollment decline, to binding arbitration; and

WHEREAS, S-2163 and A-3696 define "disciplinary action" so broadly that the term would include non-renewals of employment contracts, thereby bypassing court rulings that have consistently held that the decision not to renew fixed-term contracts of such staff does not constitute discipline; and

WHEREAS, extending binding arbitration to such "disciplinary" matters involving non-teaching staff employees will have an adverse economic impact on local school budgets at a time when school districts must make the best possible use of limited financial resources.

NOW, THEREFORE, BE IT RESOLVED that the Teaneck Board of Education, in fulfilling its responsibility to provide effective governance and financial oversight to our community's public schools, opposes Senate Bill 2163 and Assembly Bill 3696; and be it further

RESOLVED, that the Teaneck Board of Education calls on the Governor and the New Jersey Legislature to reject any and all measures that would require binding arbitration over disciplinary matters and non-renewal of employment; and be it further

RESOLVED, that copies of this resolution be forwarded to Governor Chris Christie, Senate President Stephen M. Sweeney, Assembly Speaker Sheila Y. Oliver, state Senator Weinberg, and Assembly Representatives Johnson and Vainieri-Huttle; and be it further

RESOLVED, that a copy of this resolution be provided to the New Jersey School Boards Association.

216. the Board approved the following resolution:

Support New Jersey Schools on the Enrollment of Resident Children

WHEREAS, the NJ Department of Education has recommended to the New Jersey State Legislature that the funding of our public schools in the State of New Jersey shall be based upon the average daily attendance of school children which is contrary to current law (School Funding Reform Act of 2008) which provides funding on the basis of average daily enrollment, and

WHEREAS, the NJ Department of Education has determined that an appropriate average daily attendance rate of 96% shall be the level of attendance for all New Jersey school districts, and districts that demonstrate an attendance rate of less than 96% shall suffer a loss of school aid for the 2013-14 school year, and

WHEREAS, a 96% attendance rate is equal to a child being absent from school no more than seven days in one school year, and

WHEREAS, it is the opinion of the Teaneck Board of Education that a 96% attendance rate is an arbitrary and capricious standard to apply to all New Jersey school districts and is contrary to the history of funding in this state and the School Funding Reform Act of 2008, and

WHEREAS, New Jersey school districts must staff, equip, feed and transport our children based upon the enrollment of students, and we do not send teachers home, stop the buses, turn off the lights or sell their textbooks when a child is absent for health or other family reasons, and

WHEREAS, the recommendation of the NJ Department of Education to penalize districts by reducing their school aid when a district cannot demonstrate an average daily attendance in excess of 96% simply shifts the burden to support a Thorough and Efficient education to the local taxpayer,

NOW THEREFORE BE IT RESOLVED, that the Teaneck Board of Education does hereby declare that the recommendation of the NJ Department of Education to provide school funding based upon the attendance of children for the 2013-14 school year is contrary to current law and fails to recognize that districts budget and provide staff and resources for all "enrolled" resident students in their school district, and

BE IT FURTHER RESOLVED, that the Teaneck Board of Education hereby requests our local legislators in particular and all legislators in general to reject the recommendation of the NJ Department of Education to fund the public schools of the State of New Jersey based upon the attendance of resident students and to comply with our current school funding law which provides state support based upon the enrollment of resident students.

Section 6. No Local Finance Board approval is required as the issuance of the Refunding Bonds will comply with the requirements of N.J.A.C. 5:30-2.5.

Section 7. The Board President, the Superintendent, the Business Administrator/Board Secretary and other appropriate representatives of the School District are hereby authorized to prepare such documents, to publish such notices and to take such other actions as are necessary or desirable to enable the School District to prepare for the sale and the issuance of the Refunding Bonds authorized herein and to provide for the redemption of the 2003 Bonds referred to in Section 1 hereof.

8600 TRANSPORTATION

The Board recognizes that transportation for some district students to and from school is required for the promotion of education by convenient access, the safeguarding of children, and the partial equalization of inequities among students which may have been caused by the location of school facilities.

The Board of Education shall transport eligible pupils to and from school and school related activities in accordance with law and this policy. Transportation shall be provided only to eligible public and nonpublic school pupils, authorized school staff members, and adults serving as approved chaperones.

The Board will provide transportation to and from school for public school pupils in Pre-Kindergarten and Kindergarten through grade four who live more than ~~0.9~~ 1.3 miles from the school they attend.

The Board will transport educationally disabled pupils where such service is prescribed in a pupil's Individual Education Program. The Board will not be responsible for the transportation of nonresident pupils to or from school, except that transportation to and from school will be provided for homeless children when required by law.

The Board will also transport resident children enrolled in Kindergarten through grade twelve who attend a nonpublic school in the State of New Jersey, in accordance with New Jersey statute and code, not more than twenty miles from their residence, but not a lesser distance from their residence than that required for the transportation of pupils enrolled in the schools of this district. When the schools of this district are closed for inclement weather or other conditions, no transportation will be provided for pupils enrolled in any public or nonpublic school.

When the Board provides transportation of pupils to and from: county vocational schools and/or pupils classified pursuant to Chapter 46 of N.J.S.A. 18A of the New Jersey Statutes and/or when the Board has in the prior year provided payments in lieu of transportation for any nonpublic schools pursuant to N.J.S.A. 18A:39-1 or the Board cannot provide transportation in the ensuing school year the Board will utilize one of the agencies identified and published by the Commissioner of Education as providing cooperative transportation services in accordance with N.J.S.A. 18A:39-11.1. The Board will attempt to use one of the agencies prior to determining to pay aid in lieu of transportation. The Board will provide to the agency any unique limitations or

restrictions of the required transportation. When the costs to provide transportation by one of the agencies is less than the aid-in-lieu-of payments, the Board will contract with the agency to provide transportation. The Board will make the determination on the manner in which transportation services shall be provided in accordance with N.J.S.A. 18A:39-11.1 and shall notify the nonpublic school and the parent or transportation guardian of the nonpublic school by August 1 prior to the beginning of the school year.

Transportation by one of these agencies will not be required when the local district can provide transportation at a lower cost than the agencies or the transportation provided by one of the agencies does not fall within the policies of the Board regarding length of ride and assignment of students to a route based on student age or classification.

Buses used to transport pupils must meet State standards. The operation and fiscal management of the district's transportation system shall be conducted in strict accordance with rules of the State Board of Education and the Department of Education Policy and Procedures Manual for Pupil Transportation.

The safety and welfare of pupils shall be the first consideration in all matters pertaining to transportation. The Board directs the Superintendent to provide regulations and forms for the immediate reporting of all incidents involving a contracted vehicle.

The Board recognizes that it is the responsibility of the bus contractor to comply with all State and Federal statutes and regulations including those pertaining to safety.

COMMENTS

Sodexo's projected food costs are consistent with actual results from 2011-2012.
Aramark is projecting a reduction in food and labor costs as well as a reduction in total meals served.
Aramark's projected profit is based on reducing expenses and serving less meals. Sodexo's proposal projects an increase to the overall participation rate for the program and growing the program.
Aramark is projecting to reduce food costs from 2011-12 actual by $69,796, while Sodexo is projecting an increase of $138,277 and increasing meals served.
A review of Aramark's performance during the past three years based on our annual audits reports losses for each of the three years and a reduction in the Food Service fund balance. For 2009-10 a loss of $15,350, for 2010-11 a loss of $17,245 and for 2011-12 a loss of $101,543. For 2011-12 the loss includes a $50,000 payment to the district to offset the cost of lunchroom aides that was included in the 2011-12 budget.
Aramark's projected profit of $51,316 far exceeds the guaranteed profit for the past two years. For 2011-2012 the guaranteed profit was $945 and for 2012-2013 it is $4,047.
Aramark's proposal is for 177 operational days and Sodexo's is for 180 operational days.
Aramark's management fee for 2012-2013 is 18.28 cents per meal. They are proposing to reduce that to 14 cents, Sodexo is proposing 19.5 cents per meal.
